- Innovative Technologies of the Future
- Future Global Power Generation
- Energy and Power

##### TECHNOLOGY READINESS LEVEL (TRL)

- TRL 7 (Full system Pilot - actual environment in field/ Clinical safety & effectiveness trials)

##### PATENT/ GRANTED NUMBER

- PI 2020005679

#### ▶ TECHNOLOGY OVERVIEW

A manikin comprising a neck section having an opening that exposes inner part of the neck section, a trachea model being positioned within the neck section and exposed by the opening; and a lighting system with at least a light source provided adjacent to the trachea model. The trachea model is in the form of a transparent tube that allows internal of the trachea model to be visible through the opening of the neck section upon activating the lighting system.
